A step-by-step approach to delivering results

Michael Barber, former chief advisor on delivery to British Prime Minister Tony Blair, and his colleagues thoroughly describe his proven reform delivery processes in this practical field guide. Citing education reform case studies from more than 20 countries, he asserts that most previous reforms were unsuccessful due to failed implementation. The central challenge is getting it done. This book focuses on how to accomplish meaningful results, including:

- Significant and ongoing education reform
- Excellence and equity across public education
- Students who are prepared to lead America's future
