The book narrates the story of "Bunny" (a dog) who for 13 years suffered from Addison's disease and took part on experimental drugs/injections-thus helping other animals in the future. The book intertwines humorous illustrations with "Bunny's Wisdom", based on her behavior, with the Wisdom observed by her owner (the author). Most of those observations are backed up by quotes from other cultures around the world and the Bible. The purpose of the book is to illustrate that we can acquire wisdom if we paid more attention on what our pets teach us, and if we applied those lessons we can live a more satisfying and rewarding life. We would live a life filled with gratitude, laughter, happiness, trust, love, loyalty, patience and persistence. It also includes a Resource Guide to help maintain the health of your pets.
