The Anastasia Syndrome Mary Higgins Clark

In the short novel *The Anastasia Syndrome*, prominent historical writer Judith Chase is living in London and preparing for her marriage to Sir Stephen Hallett, expected to become England's next Prime Minister. Orphaned during World War II, Judith wants to trace her origins. In this quest, she goes to a renowned psychiatrist and becomes the victim of his experiments in regression. When a woman in a dark green cape sets off bombs in London, Sir Stephen and Judith are faced with an intangible, mysterious force threatening their very existence.

Obsessive love is the subject of *Terror Stalks the Class Reunion*; psychic contact with a dead twin sister is the only defense against a murder in *Double Vision*; *Lucky Day*, compared to O. Henry's *The Gift of the Magi*, begins premonition of imminent danger; in *The Lost Angel*, mother follows her intuition in a harrowing search for her missing child.
