Beauty in the Beasts: True Stories of Animals Who Choose to Do Good (reprint) Kristin Von Kreisler

A 209-pound potbellied pig throws herself into traffic to help save her owner, who was suffering a heart attack. A dog steals a loaf of bread from the family pantry and brings it to a young girl confined in bed. A horse stands guard over an injured baby rabbit and refuses to leave until the rabbit is rescued.

These are just a few of the hundreds of true accounts collected in *Beauty in the Beasts*, a captivating narrative that combines provocative scientific findings with a compassionate understanding of the natural world to show that animals, like humans, can and do choose to do good.

Writes Philip Gonzales, author of *The Dog Who Rescues Cats*, "Finally von Kreisler is pointing out what's so easy to see, but hardly anyone does: Animals choose to act with incredible honesty, decency, and purpose. Anyone who loves animals will want to read this wonderful book."
