AIDS: A Second Opinion

Gary Null

AIDS: A Second Opinion Gary Null

In this first book to bring both establishment and dissenting views of the AIDS crisis into one volume, Gary Null unravels the halftruths that many argue have marred the study of this disease from the start. In clear, jargon-free prose, the book offers an unbiased, unflinching discussion of all sides of each issue.

AIDS: A Second Opinion argues that the AIDS drama has exposed problematic issues having to do with the functioning of U.S. medical institutions. Null explores a new type of health care, grounded in patients' own choices and dispositions, that poses a challenge to the top-down, expert-controlled medical systems favored by the establishment.

Drawing from Null's many years of study of alternative, traditional, and orthodox medicine as well as from interviews with many long-term survivors, the book dissects the claims of the AZT and drug-cocktail approach to treating AIDS and offers a trilogy of treatment strategies based on wide views of how to enhance the immune system and improve overall functioning.

It should be here for you. So , don't miss that! Just read this e-book style for your better life as well as knowledge.

Pearl Dyson:

As a university student exactly feel bored to be able to reading. If their teacher requested them to go to the library in order to make summary for some e-book, they are complained. Just small students that has reading's soul or real their pastime. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that reading is not important, boring in addition to can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this age, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this AIDS: A Second Opinion can make you feel more interested to read.

John Hill:

Many people said that they feel bored when they reading a reserve. They are directly felt that when they get a half portions of the book. You can choose the particular book AIDS: A Second Opinion to make your own personal reading is interesting. Your own personal skill of reading talent is developing when you like reading. Try to choose very simple book to make you enjoy to read it and mingle the feeling about book and examining especially. It is to be first opinion for you to like to start a book and read it. Beside that the reserve AIDS: A Second Opinion can to be a newly purchased friend when you're experience alone and confuse in what must you're doing of this time.
