El álgebra del misterio (Letras Mexicanas) (Spanish Edition)

Jorge F. Hernández

El álgebra del misterio (Letras Mexicanas) (Spanish Edition) Jorge F. Hernández

Si el enigma se puede cifrar matemáticamente, si la magia tiene una fórmula secreta, si algún algoritmo hay para lo fantástico, entonces debe hallarse en las páginas de El álgebra del misterio. Los relatos que presenta Jorge F. Hernández contienen los secretos de la inverosimilitud llevada al extremo. Da una vuelta de tuerca al género de la ficción, recobrando la vitalidad con que un Borges o un Bioy Casares narraran antiguo, o la sutil brevedad con que escribían Monterroso o Mutis. Personajes comunes como un enano o un obeso alcanzan dimensiones insospechadas. Fechas, tiempo, números de boletos de autobús o avión, partidas de damas chinas, urden una suerte de azar que alcanza a recomponer la realidad. Todo está relacionado con todo y en estas páginas se vislumbra el entramado del universo.
