From the beginning of French rule of Missouri in 1720 through this state's abolition of slavery in 1865, liberty was always the goal of the vast majority of its enslaved people. The presence in eastern Kansas of a host of abolitionists from New England made slaveholding risky business. Mennonites and Quakers had voiced their detestation of human bondage long before the United States existed. A number of devout persons served time in the Missouri state penitentiary for "slave stealing." Based largely on old newspapers, prison records, pardon papers, and other archival materials, this book is an account of the legal and physical obstacles that slaves faced in their quest for freedom and of the consequences suffered by persons who tried to help them.
