**The definitive history of one of the most radical, revolutionary movements the country has ever seen, from those who started it all**

In 2009, an unemployed mother of two and a politically inexperienced northern California attorney met on a conference call that would end up starting one of the largest grassroots political organizations in American history, the Tea Party Patriots. Fueled by the fires of passion and patriotism, Mark Meckler and Jenny Beth Martin have become the faces of the most powerful political movement in the country, empowering their more than twenty million members by using both high-tech advances and the time-tested American tradition of rallying in public. Promoting the basic principles of the Tea Party Movement—free market, limited government, and fiscal responsibility—the Tea Party Patriots have become the largest tea party organization in the world. With unparalleled access to the inner workings of the movement, Meckler and Martin hope to explain how the Tea Party came to be, what it is and is not, and perhaps most important, provide the first comprehensive, forward-looking document outlining a plan to restore America to its prior greatness.

Never before has there been such an audience for this material. Americans of all political stripes have been waiting for a thorough and informative account of this movement. Straight from the co-founders themselves, *Tea Party Patriots* promises to be the definitive source for a political revolution.
