Battered Women's Protective Strategies: Stronger Than You Know (Interpersonal Violence) Sherry Hamby

Battered Women's Protective Strategies: Stronger Than You Know challenges the pervasive stereotypes that depict battered women as passive and shows how to use the strength of battered women to create better and more nuanced research and intervention. Through an alternative strengths-based framework, Hamby deftly illustrates how battered women are in fact not passive and in denial but are active and diligent in protecting themselves and their loved ones. In addition to the traditional risks of being battered, many women who experience abuse face the risk of homelessness or the threat of losing custody of their children in a divorce battle. Understanding the full range of risks is necessary to understanding the complex problem of battering, and in this book, quantitative, qualitative, and clinical data reveal a wide range of protective strategies: immediate defensive responses in the moments following an attack, protecting children and other loved ones, reaching out for social support, turning to religious and spiritual resources, and engaging formal helpseeking. Using an approach called Multiple Criteria Decision Making, this book outlines a procedure for comprehensive risk assessment, safety planning, and risk management. Many, many strategies are still largely invisible to providers and researchers, and the steps that women take that receive very little attention or acknowledgement in the domestic violence field. The author identifies the vital role that researchers can play by simply acknowledging the variety of approaches that battered women employ. In this book's two new studies, survivors of domestic violence identify 133 different protective strategies in open-ended questions. These and other insights from survivor testimony make this volume the largest and most comprehensive review of battered women's strengths to date.

So that you can see the representation of the world in this book.

Raymond Dahms:

People live in this new day time of lifestyle always make an effort to and must have the spare time or they will get a great deal of stress from both ways of life and work. So, whenever we ask do people have time, we will say absolutely yes. People are human not a robot. Then we consult again, what kind of activity do you possess when the spare time comes to you of course your answer will be unlimited right. Then ever try this one, reading guides. It can be your alternative throughout spending your spare time, the actual book you have read is actually Battered Women's Protective Strategies: Stronger Than You Know (Interpersonal Violence).

Clarence Delapaz:

Reading a book to become a new life style in this year; every person loves to study a book. When you read a book you can get a lot of benefit. When you read guides, you can improve your knowledge, simply because a book has a lot of information on it. The information that you will get depends on what kinds of book that you have read. If you need to get information about your study, you can read education books, but if you act like you want to entertain yourself you are able to read fiction books, these are novels, comics, as well as soon. The Battered Women's Protective Strategies: Stronger Than You Know (Interpersonal Violence) will give you a new experience in examining a book.

Marcella Cook:

Is it anyone who has spare time and then spends it whole day by watching television programs or just resting on the bed? Do you need something totally new? This Battered Women's Protective Strategies: Stronger Than You Know (Interpersonal Violence) can be the response, oh how comes? A fresh book you know. You are therefore out of date, spending your time by reading in this brand new era is common not a nerd activity. So what do these publications have that the others?
