## **The Thom Hartmann Reader** Thom Hartmann

Hartmann is perhaps best known for his fierce commitment to Jeffersonian democracy and his steadfast opposition to the corporatization of America. But in these pages you'll also discover his Older and Younger Cultures hypothesis, which identifies the root cause of so many of our social and environmental ills. You'll hear from Hartmann on how to keep our schools from treating children like assembly line products, why attention deficit disorder is not an affliction, what cloudy Germany can teach us about solar energy, and much more.

Fascinating as these essays are, they're ultimately meant to inspire you to action. As Hartmann says at the end of every radio program, "Get out there, get active! Tag, you're it!"
