SHAMELESS EXPLOITATION OF A REVERED SCIENCE FICTION CASH COW. It's here! The book that could have been thicker and more jam-packed with facts and exposes, but wasn't. However, its disappointing size conceals a bumper collection of facts, both trivial and pointless, about Star Trek in all its incarnations but especially the animated one. Within this uniquely portable volume you will find: The silliest items of merchandise. The fattest members of Starfleet. Not much about Voyager really. No distracting illustrations. And various other things!
