Beer Safari: A journey through the craft breweries of South Africa Lucy Corne

Following the success of *African Brew*, the first ever book to showcase the South African craft beer scene, beer-centric author Lucy Corne is back with a second homage to hops and grain. *Beer Safari* takes readers on a journey through the microbreweries of South Africa, stopping to chat to each brewer along the way.

The book is laid out geographically to assist the reader in planning his or her own beer safari. Look out for the 'Big Five Pints' – the author's pick of the very best South African craft beers. There is also space for beer aficionados to scribble their own tasting notes alongside each brewery's beer menu.

Beer Safari is the only South African beer book whose author has, in person, visited every one of the 100-plus breweries to get the brewers' stories, photograph their often quirky brewing setups and of course, to taste their beers. Peppered between the inspiring tales of passionate brewers, are snippets of essential beer knowledge – ideal for the 'beerginner' – alongside checklists that will appeal to newbie beer drinkers and veterans alike. Whether readers are looking for family-friendly beery weekends away, the cutest brewpubs with the finest views or a list of where to go for South Africa's hoppiest ales, *Beer Safari* is a comprehensive and user-friendly guide.

The directory showcases everything needed to continue the beer journey – for those who prefer to enjoy other people's wares, there are recommendations for liquor stores and bars offering a supreme selection of beer. Those who yearn to brew their own will find information on homebrewing stores, courses and clubs throughout the country. Written in Corne's signature light-hearted style, and with a fresh, vibrant design, *Beer Safari* perfectly captures the exciting and unpretentious nature that characterizes the South African craft beer scene.
