Supervision in Clinical Practice: A Practitioner's Guide Joyce Scaife

Since the publication of the first edition of this book supervision has become of even greater significance in health, education and social care settings, with continuing pace in the trend towards mandatory registration, managed care and clinical governance.

This fully updated and expanded edition includes new chapters on issues of diversity and the managerial role of the supervisor in context. Packed with practical examples in the key areas of personal and professional development, Joyce Scaife and her contributors draw on three decades of clinical experience to explore frequently encountered dilemmas including:

- how supervisors facilitate learning
- the ethical bases of supervision
- creating and maintaining a good working alliance
- how supervisors can balance management and supervision roles
- working equitably in an increasingly diverse and pluralistic world

Supervision in Clinical Practice offers a range of suggestions for providing supervision that are stimulating, creative and fun, using methods that ensure safe and open practice. It is an indispensable text for supervisors and supervisees who practice clinically in a range of professions, including applied psychology, counselling, psychotherapy, psychiatry, nursing, and social work.

From reader reviews:

Patricia Stroud:

The actual book Supervision in Clinical Practice: A Practitioner's Guide will bring you to the new experience of reading a new book. The author style to elucidate the idea is very unique. When you try to find new book you just read, this book very acceptable to you. The book Supervision in Clinical Practice: A Practitioner's Guide is much recommended to you to learn. You can also get the e-book from your official web site, so you can more readily to read the book.

Holly Sheehan:

The publication with title Supervision in Clinical Practice: A Practitioner's Guide includes a lot of information that you can discover it. You can get a lot of help after read this book. This particular book exist new knowledge the information that exist in this reserve represented the condition of the world right now. That is important to you to learn how the improvement of the world. That book will bring you in new era of the global growth. You can read the e-book on your own smart phone, so you can read it anywhere you want.

Merle Poteet:

Playing with family inside a park, coming to see the ocean world or hanging out with pals is thing that usually you will have done when you have spare time, after that why you don't try point that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love Supervision in Clinical Practice: A Practitioner's Guide, you are able to enjoy both. It is great combination right, you still wish to miss it? What kind of hang type is it? Oh seriously its mind hangout guys. What? Still don't understand it, oh come on its named reading friends.

Andy McNeil:

As a pupil exactly feel bored for you to reading. If their teacher asked them to go to the library or make summary for some guide, they are complained. Just small students that has reading's heart and soul or real their hobby. They just do what the teacher want, like asked to the library. They go to right now there but nothing reading significantly. Any students feel that reading through is not important, boring and also can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Supervision in Clinical Practice: A Practitioner's Guide can make you really feel more interested to read.
