Advanced Digital Black & White Photography John Beardsworth

Fans of black-and-white photography can bring their skills up-to-date with this revised and richly illustrated guide! Extremely popular in its first edition, it now includes information about the latest cameras and photographic technology, as well as new filters and software tools such as Adobe® Photoshop® 5.5. John Beardsworth explains how to think in monochrome, creatively convert pictures to B&W, fine-tune the monochrome image, and record expressive, eye-catching black-and-white interpretations.
