Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series)

Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series)

This comprehensive volume discusses approaches for a systematic selection of delivery systems for various classes of therapeutic agents including small molecule, protein, and nucleic acid drugs.

Specific topics covered in this book include:

- Solution, suspension, gel, nanoparticle, microparticle, and implant dosage forms
- Refillable and microneedle devices
- Intravitreal, suprachoroidal, intrascleral, transscleral, systemic, and topical routes of delivery
- Physical methods including iontophoresis for drug delivery
- Rational selection of routes of administration and delivery systems
- Noninvasive and continuous drug monitoring
- Regulatory path to drug product development
- Clinical endpoints for drug product development
- Emerging and existing drugs and drug targets *Drug Product Development for the Back of the Eye* is authored by renowned ocular drug delivery experts, representing academic, clinical, and industrial organizations and serves as indispensable resource for ophthalmic researchers, drug formulation scientists, drug delivery and drug disposition scientists, as well as clinicians involved in designing and developing novel therapeutics for the back of the eye diseases. This book is also relevant for students in various disciplines including ophthalmology, pharmaceutical sciences, drug delivery, and biomedical engineering.

From reader reviews:

Fern Rodriquez:

In this 21st millennium, people become competitive in each way. By being competitive today, people have do something to make these people survives, being in the middle of the crowded place and notice by means of surrounding. One thing that occasionally many people have underestimated the idea for a while is reading. Sure, by reading a publication your ability to survive enhance then having chance to stand than other is high. To suit your needs who want to start reading a book, we give you this specific Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) book as basic and daily reading guide. Why, because this book is usually more than just a book.

David Ashworth:

Reading a publication tends to be new life style in this era globalization. With studying you can get a lot of information that will give you benefit in your life. Having book everyone in this world may share their idea. Publications can also inspire a lot of people. Lots of author can inspire all their reader with their story or their experience. Not only the storyplot that share in the books. But also they write about the ability about something that you need example of this. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors nowadays always try to improve their talent in writing, they also doing some research before they write to the book. One of them is this Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series).

Travis McDonald:

Playing with family inside a park, coming to see the marine world or hanging out with pals is thing that usually you might have done when you have spare time, subsequently why you don't try point that really opposite from that. 1 activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition associated with. Even you love Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series), you are able to enjoy both. It is excellent combination right, you still need to miss it? What kind of hangout type is it? Oh come on its mind hangout men. What? Still don't understand it, oh come on its called reading friends.

Frances Stone:

Do you have something that you like such as book? The guide lovers usually prefer to select book like comic, short story and the biggest the first is novel. Now, why not trying Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) that give your satisfaction preference will be satisfied by means of reading this book. Reading habit all over the world can be said as the method for people to know world a great deal better then how they react to the world. It can't be claimed constantly that reading practice only for the geeky individual but for all of you who wants to be success person. So , for all of you who want to start reading through as your good habit, you could pick Drug Product

Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) become your starter.
