Don't have the time to study opening theory, or to figure out where you're going wrong with your games? Are you looking for guidance on how to handle the opening so that you can get a playable middlegame?

*Openings for Amateurs* is written with two kinds of chessplayers in mind: average "club" players who can't afford to learn variations 30 moves deep; and scholastic players looking to take the next step in their chess development.

This is really two books in one! The Primer covers the most frequent mistakes made in the opening and considers many common misconceptions about this phase of the game. Popular chess author and lecturer Pete Tamburro devotes special attention to the best ways to meet both tricky lines like the Blackmar-Diemer and the Belgrade Gambit, and "system" attacks such as the Colle and the Barry, while discussing such vexing topics as when to chase a bishop and whether to believe openings manuals.

Part II offers a selection of openings that you are invited to consider based on your needs, and presents 53 annotated model games to help you understand the openings' *ideas* rather than just memorizing moves. The aim is to help you determine where you are now and then how to pursue your chess goals – while helping you right away to survive the opening in your next tournament!

### From reader reviews:

#### **John Moore:**

As people who live in the actual modest era should be change about what going on or information even knowledge to make these people keep up with the era that is certainly always change and move ahead. Some of you maybe will certainly update themselves by reading books. It is a good choice for you but the problems coming to you is you don't know which you should start with. This Openings for Amateurs is our recommendation to cause you to keep up with the world. Why, as this book serves what you want and wish in this era.

#### **Debbie Brown:**

A lot of people always spent their particular free time to vacation or even go to the outside with them household or their friend. Did you know? Many a lot of people spent they free time just watching TV, or playing video games all day long. In order to try to find a new activity this is look different you can read a new book. It is really fun for you. If you enjoy the book which you read you can spent the whole day to reading a publication. The book Openings for Amateurs it is quite good to read. There are a lot of people who recommended this book. They were enjoying reading this book. In case you did not have enough space bringing this book you can buy often the e-book. You can m0ore easily to read this book from a smart phone. The price is not too costly but this book possesses high quality.

#### **Joel Jones:**

With this era which is the greater man or who has ability in doing something more are more important than other. Do you want to become among it? It is just simple approach to have that. What you need to do is just spending your time not much but quite enough to possess a look at some books. One of several books in the top record in your reading list is usually Openings for Amateurs. This book and that is qualified as The Hungry Mountains can get you closer in getting precious person. By looking right up and review this reserve you can get many advantages.

#### **Phyllis Thompson:**

As a scholar exactly feel bored to help reading. If their teacher inquired them to go to the library as well as to make summary for some guide, they are complained. Just very little students that has reading's soul or real their hobby. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that reading through is not important, boring in addition to can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Openings for Amateurs can make you experience more interested to read.
