No gamblers! This book is for magicians only!

If you've ever struggled to memorize the order of a randomized deck of cards, then this may be the most important book you'll ever read. Although you may be skeptical, you've heard about the memory techniques that allow people to memorize the order of 52 cards in under a minute. And you want that skill. Badly. The good news is that this technique works gangbusters! Not only that, but it's incredibly easy to learn and tremendously effective when it comes to performing card magic miracles - if you learn the skills in the right way.

This short book shows you the surprisingly simple process and breaks it down into all of its component parts so that you can memorize an entire deck of cards within a minute or less of first seeing it in randomized order.

Look, you can either spend forever, painfully memorizing a deck of cards using rote memorization, or you can learn this technique in under fifteen minutes and master it with just a few hours of practice, and if you use it right, immediately impress all of your friends with the most unbelievable card magic they've ever seen. If you really want to perform card miracles, make this small investment right now and learn how to use the natural abilities of your mind to memorize a deck of cards rapidly, naturally and magnetically.
