What Is Mental Illness?

Richard J. McNally

What Is Mental Illness? Richard J. McNally

McNally drives at one point over and over again; survivors of trauma remember their abuse all too well. He argues that there is next to no evidence linking trauma to amnesia, even in cases of sexual abuse. He dismantles all the major studies, one by one, reinterpreting the results, questioning the assumptions, pointing out the lack of verification and dismissing the underpinning of trauma-amnesia theory.
