Anders Leonard Zorn was one of Sweden's foremost artists who obtained international success as a painter, sculptor and print-maker in etching. His incisive ability to depict the individual character of his model is famous. The model's surroundings were important; Zorn believed that a portrait should be painted in an environment that was natural for the model. An artificial studio environment was not to his taste.

This book contains 250 high-quality annotated reproductions with details of paintings and etchings by Anders Zorn. Some people say that the "devil's in the details" and generally, they are right. Looking out for the small details in one picture is a good practice, since in most of the cases small but ultimately important details is the heart of a great author's idea. This title aims to help you see the details of Zorn's works; his secrets are not in his words, they are in his works. Look close up at his paintings and etchings, and that tell you what you cannot see but need to know and that should be enough.
