History of the Wars of the French Revolution, Volume 1 of 4 Edward Baines

Pyrrhus Press specializes in bringing books long out of date back to life, allowing today's readers access to yesterday's treasures.

As one of the seminal social revolutions in human history, the French Revolution holds a unique legacy, especially in the West. The early years of the Revolution were fueled by Enlightenment ideals, seeking the social overthrow of the caste system that gave the royalty and aristocracy decisive advantages over the lower classes. But history remembers the French Revolution in a starkly different way, as the same leaders who sought a more democratic system while out of power devolved into establishing an incredibly repressive tyranny of their own once they acquired it.

The height of Republican France's tyranny came during a 10 month period forever known as the Reign of Terror, the most notorious and arguably most memorable part of the French Revolution. One of the first victims of the Reign of Terror was its most famous: former French Queen Marie Antoinette. But Antoinette was followed by thousands more, including everyone from aristocrats to clergy to prostitutes and even instrumental revolutionaries like Danton, Desmoulins, and, most notably, Robespierre. It was Robespierre whose position on the Committee of Public Safety made him the Reign of Terror's instrumental figure until he himself became a victim of it in July 1794. Robespierre's date with the guillotine is often considered the official end of the Reign of Terror, but by then it is estimated that at least 16,000 people were guillotined in that time and possibly 25,000 more were summarily executed across the country.

Although Robespierre is almost singlehandedly associated with the Reign of Terror and is typically blamed for it, many factors influenced the actions and beliefs of Paris and the remainder of France during late 1793 and 1794. Robespierre and the Committee of Public Safety believed passionately in the Revolution and fought to eliminate any threat to the young French Republic. Robespierre envisioned a Republic of Virtue, with no room for anyone who did not abide by his rules and morality. Counterrevolutionaries certainly did threaten the Revolution; however, most of those killed during the Reign of Terror were not counterrevolutionaries and posed no serious threat to the Revolution or Republic..
