ModX Web Development - Second Edition

Antano Solar John

ModX Web Development - Second Edition Antano Solar John
This book is an example-driven tutorial, which will take you from the installation of MODx through to configuration, customization, and deployment. Step-by-step instructions will enable you to build a fully-functional, feature-rich website quickly and without the knowledge of any programming language. This book is ideal for newcomers to MODx. Both beginners and experienced web developers will benefit from this comprehensive guide to MODx. No knowledge of PHP programming or any templating language is needed, but the more advanced chapters towards the end of the book will allow more confident developers to extend their applications even further by creating their own snippets.

From reader reviews:

Floyd Goshorn:

Do you have favorite book? In case you have, what is your favorite's book? Publication is very important thing for us to find out everything in the world. Each publication has different aim or maybe goal; it means that reserve has different type. Some people experience enjoy to spend their time for you to read a book. They are really reading whatever they have because their hobby is reading a book. Why not the person who don't like reading through a book? Sometime, man feel need book once they found difficult problem or perhaps exercise. Well, probably you should have this ModX Web Development - Second Edition.

Donna Vazquez:

The book ModX Web Development - Second Edition can give more knowledge and also the precise product information about everything you want. So why must we leave the good thing like a book ModX Web Development - Second Edition? Several of you have a different opinion about e-book. But one aim in which book can give many facts for us. It is absolutely appropriate. Right now, try to closer with the book. Knowledge or facts that you take for that, it is possible to give for each other; you can share all of these. Book ModX Web Development - Second Edition has simple shape but you know: it has great and large function for you. You can appearance the enormous world by available and read a guide. So it is very wonderful.

Steve Teegarden:

What do you regarding book? It is not important together with you? Or just adding material when you need something to explain what you problem? How about your spare time? Or are you busy particular person? If you don't have spare time to accomplish others business, it is gives you the sense of being bored faster. And you have free time? What did you do? Every person has many questions above. The doctor has to answer that question since just their can do this. It said that about reserve. Book is familiar in each person. Yes, it is correct. Because start from on pre-school until university need this ModX Web Development - Second Edition to read.

Daniel Gomez:

Information is provisions for anyone to get better life, information nowadays can get by anyone with everywhere. The information can be a knowledge or any news even a problem. What people must be consider when those information which is within the former life are hard to be find than now could be taking seriously which one is acceptable to believe or which one the particular resource are convinced. If you get the unstable resource then you understand it as your main information you will see huge disadvantage for you. All those possibilities will not happen in you if you take ModX Web Development - Second Edition as your daily resource information.
