Movement: A Novel

Valerie Miner

Movement: A Novel Valerie Miner

This novel in stories tracks ten years in the life of Susan, a journalist and feminist, during a time of transition in America

Susan is an activist. And yet, though her political ideals form the center of her life, she questions her convictions. At the heart of this string of interconnected stories are tensions among ideas, feelings, and action. Miner deftly interweaves Susan's story with the tales of women whom Susan will never meet. The result is a textured and enveloping book that creates a sense of universality.

Written with a deep understanding of activism, Miner's novelistic retrospective of the feminist movement questions everything from marriage to Marxism. This fascinating work gives a true and unflinching view of what it means to be a woman in the world.
