Yield Curve Analysis: The Fundamentals of Risk and Return Livingston G. Douglas

With their increasing complexity, the fixed-income markets have made greater demands upon their participants. To be successful -- in this era of heightened volatility, especially -- requires a firm foundation in the precepts underlying the behavior of fixed-income investments. This book answers that need by presenting a comprehensive analysis of the two primary concepts: risk and return. Its four major sections develop and apply these concepts clearly and progressively, with outline and summary aids to enhance understanding and ample illustrations to reinforce the explanations.
